## Tom Wise

### **Director - Hydraulic**

(8 Years with Practice)

**Phone:** +61 2 8234 8629  
**Fax:** +61 2 9290 1295  
**Mobile:** 0438 669 473  
**Email:** tom@warrensmith.com.au  
**Nationality:** Australian

After working in Pharmacy, Tom studied Building Services Engineering and also completed a specialist qualification in Plumbing Engineering. Tom has specialised within the Health Care sector for Hydraulic Services over the past seven years and is known to be a reliable source of current Health Care design legislation and regulations. Tom has a shrewd knowledge of international Plumbing Engineering Standards which assists in the development of Australian Health Standards and project designs. With a keen interest in sustainability and conserving energy within his design work, Tom has been studying for a Masters in Sustainable Building Design to further improve building outcomes for developers and facilities managers. In 2016 Tom was nominated to lead the Warren Smith & Partners specialty healthcare design team due to his passion for the sector and demonstrated ability. In August 2017 Tom became a Director of Warren Smith & Partners.
